Response to Amendment

In view of applicant's remarks, the rejection of claims 4-6 under 35 U.S.C. section 112 have been withdrawn.

Response to Arguments

Applicant's arguments, see Remarks, filed 30 June 2006, with respect to claims 1-54 have been fully considered and are persuasive. In light of both amendments made to independent claims as well as applicant's remarks, the rejections of claims 1-54 have been withdrawn.

Allowable Subject Matter

Claims 1-54 allowed.

The following is an examiner's statement of reasons for allowance:

The examiner has found the relevant prior art, including the art previously relied upon, to be silent as to a gas discharge laser crystallization apparatus/means/method as claimed particularly characterized by a second laser unit coupled to the first laser unit such that the laser output of the first laser unit can be double passed through the second gas discharge chamber of the second laser unit. Independent claims 1, 19, and 37 have been determined to be in condition for allowance, and therefore the remaining dependent claims are also allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
